

**GIFT COMES TO DARTFORD
SATURDAY MASTERCLASSES**

CURRICULUM EXTENSION FOR THE EXCEPTIONALLY ABLE

GIFT, providers of internationally-renowned enrichment courses, have organised a series of Saturday Masterclasses at the request of local parents and schools. The venue will be **The Gateway Primary School Milestone Road, Dartford, Kent DA2 6DW**. Projects are aimed at National Curriculum Years 3/4. Meet in the School Reception!

27th June 2009

9.30 - 3.30

Symmetry

Code S22

Years 3/4

Is your face symmetrical? This will be the starting point of an exploration of different kinds of symmetry. In this workshop you will be using dominoes and playing cards, making patterns and shapes, solving puzzles and playing symmetry games.

Pinhole Magic

Code M23

Years 3/4

You don't need a digital camera to take a photo. The magic of light means that you can take a photograph using an old tin can with a hole in the side – a pinhole camera. Find out how it works then make your own camera from 2 sheets of card. A whole day camera experience: fun and photography; science and art; make it, take it and develop it!

Students will work in small groups, so places will be strictly limited and dealt with on a first come, first served basis. They should bring a packed lunch and normal writing equipment. Any special medical information should accompany the application slip on a separate sheet. The cost is £35.00 for each Saturday.

Thanks to the generosity and support of *John Lyon's Charity* and the *Tomorrow's Achievers Initiative* of the *Gabbitas, Truman, and Thring Educational Trust*, **SPONSORSHIP** is available where there is financial hardship (phone Patricia Morse on 0207 734 0161).

For a booking form either telephone Janet Cummins on the number above or write to her at Janet Cummins, Gabbitas Consultants, Carrington House, 126 Regent St., London W1R 6EE or apply direct online at <http://www.masterclasses.co.uk/forms/AppForm0708.doc>

Queries on course content only can be directed to Julian Whybra of GIFT Ltd., on 01277 654228.
